AGILITY FUN MATCH INFORMATION

This **event is designed** to prepare both handlers and dogs for actual trialing. If you have been through agility classes, but are not quite ready to trial, this is an excellent chance for you to prepare for competition. We ask that you have at least six full months of weekly training classes and that you participate with the concurrence of your instructor. Runs may be timed and each run may be limited to a maximum of 75 seconds for Standard/Regular and 60 Seconds for Jumpers and Tunnelers. Total time may vary based on entries. No awards or placements will be given. This is not for competition, but for fun, experience, & practice. Treats & toys in the ring are encouraged, & praising your dog is mandatory. Dogs must be able to do all pieces of equipment safely & must be under control both in & out of the ring. Harsh corrections, either physical or verbal, will not be tolerated.

Jump height and Age – Jump height is at your discretion (we suggest you jump the height you practice in class). **Dogs must be at least One year old**

What are nested courses?--Nested courses are a way of combining courses together to make an event run smoother and faster. You will find that each of the Standard/Regular and Jumpers courses have both a Novice and an Advanced level course built into one course. We recommend that folks only try the advanced course if you are already competing and that you plan on utilizing the Novice course if this is your first fun match. The Novice course in both rings will be numbered with orange cones. You will have other options to utilize your run time as well. Often exhibitors work contacts, weaves and start lines as their main objective.

TUNNELERS AGILITY RUNS – Tunnelers is a short agility course which consists of tunnels only – you'll be running with your dog (off lead only) to finish as quickly as you can the sequence laid out. Offered on Sunday after regular runs only. There will be only one Tunnelers course – but you can enter it multiple times.

Dogs cannot run on a leash in the fun match. Only flat quick release collars (no tags, tabs) or well fit harnesses are allowed in the ring. No shock or prong collars.

Confirmations –will be sent by email – please be sure to carefully print your email address & double check it for accuracy or we will not be able to send you a confirmation. They may not be sent out immediately upon receipt – but will go out prior to the event to confirm entry into the match.

The organizing committee may refuse any entry for any reason. Refusal to sign the assumption of risk form will result in your entry NOT being accepted. All parties running a dog at the event, must sign the assumption of risk form. **There will be no refunds for entries withdrawn after the closing date or in the event a dog and/or handler are dismissed from the event, regardless of the reason for dismissal.** It is expressly understood that entrants alone are responsible for the behavior of their dogs, children, or guests. Any entrant whose dogs, children, or guests create unnecessary disturbances or engage in unsafe or disruptive behavior, may at the discretion of the organizing committee, be asked to remove the offending dogs, children, or guests from the event grounds. No refund of fees will be made in such a case. Fun Match committee and/or gate steward may excuse team for any infractions with NO REFUNDS.

This match will be limited – however we will allow day of match entries until the limit is reached if not full before the match date. You may verify status of the fun match by emailing the match secretary, Debbie Campbell at hdpresident59@gmail.com up until 12 PM (Noon) on Friday November 13th, 2026 to see if there is still room available for day of entries.

Walk throughs will start shortly after check-in and we plan to start first runs by 9:00 AM, so if you don't pre-enter, please get there early or you may get left out!

Entries may not be canceled, changed or altered after the closing date. Set up area under the covered arena is not unlimited, so bring canopies or plan to work from your vehicle just in case.
