

Jackpot All Levels

Pick Your Jackpot

Three jackpots are available on the course. Jackpot A is worth 15 points. Jackpot B is worth 20 points. Jackpot C is worth 25 points. Each jackpot can be attempted once during play. You keep the first successful jackpot for the corresponding points. Taking the first two obstacles in the correct direction of a jackpot signals a jackpot attempt. Big dogs get 30 seconds and little dogs get 35 seconds before a horn sounds signaling the table is live. You must play until the horn sounds. After the horn, big dogs get an additional 18 seconds and little dogs get an additional 20 seconds to continue accumulating points and get to the table. The table will be worth 5 points when time is stopped. You must have at least the minimum number of points for your level including a successful jackpot to qualify.

5-points = contacts, combo (done in flow)
 3-points = tunnels, weaves, double
 1-point = jumps, panel jump
